Issue and Challenges

- Need guidelines and modules , including road maps for framed implementation at both State and Districts level.
- Acceptance and timely reporting from Districts and health facilities.
- Establishment of coordination with co departments (Inter & intra).
- Need detailed training on program implementation for state and District level.

* Special Achievements or if any to do *

- Initiated awareness activities at school level under School Health Program & Health and Wellness Centre (HWCs).
- State specific IECs are being developed (through IEC wing) for dissemination at District and Sub district level.
- Community awareness activities are planned through platform of RKSK & RBSK program.
